

our defenses and the men and women in our military. Defense spending and defense policy are frozen, and the changes this House has insisted on in both the Defense Authorization Act and the Defense Appropriations bill are stalled, to the detriment of our defenses and our men and women in uniform.

Secretary Mattis has written, "Long-term CRs impact the readiness of our forces and their equipment at a time when security threats are extraordinarily high. The longer the CR, the greater the consequences for our force."

The risks are real, Mr. Speaker. We see threats growing daily from North Korea and Iran. The fight continues against ISIS and against terror in Afghanistan, and now we need to deploy urgently needed resources to Puerto Rico. There is no need to wait until December 8 to get a full-year Defense Appropriations bill. I call on the Senate to act promptly next week even and get our troops funded.

ASSETS NEEDED IN PUERTO RICO AND THE U.S. VIRGIN ISLANDS

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I am glad President Trump listened to Secretary Clinton and deployed the U.S. Naval Ship Comfort to Puerto Rico, even though it was 7 days after Hurricane Maria destroyed the island. But President Trump must do more and do it now.

Mr. Speaker, the President of the United States has a moral and legal duty to protect the well-being of our citizens. That is why today, right now, the President must order the Department of Defense to deploy all available assets to Puerto Rico and the Virgin Islands to prevent this catastrophe from getting worse.

The thousands of Puerto Ricans and all of the Virgin Islanders I represent deserve to know that our Nation's priority is their well-being, their families', their friends', and their fellow citizens' as well—American citizens.

LETTER CARRIER DONTÉ COTTON IS A HERO

(Mr. TURNER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TURNER. Mr. Speaker, I first want to welcome STEVE SCALISE back to this House floor. The strength of his message shows why he is such a hero to us all.

I also want to tell the story of another hero, one from my congressional district in Dayton, Ohio.

On April 5, 2016, letter carrier Donte Cotton saw an overturned car that had collided with a pole. The driver told Donte her child was inside the car. Acting on immediate instinct, Donte

crawled through broken glass to rescue the baby from the car. Both the mother and the child were taken to the hospital and treated for minor injuries.

In August of last year, Donte again found himself in the right place at the right time; again, on his letter carrying route.

While on his normal mail delivery route, an elderly woman, whose home had just been invaded, ran up to Donte seeking help. Donte drove the woman to a nearby police cruiser, ensuring her safety.

His courage is being rewarded this week by the National Association of Letter Carriers, which has given Donte its 2017 Central Area Hero Award.

Mr. Speaker, I would like to thank Donte for his acts of true heroism in our community.

PASS THE DREAM ACT

(Ms. GABBARD asked and was given permission to address the House for 1 minute.)

Ms. GABBARD. Mr. Speaker, Josue Fuentes was brought to Hawaii from El Salvador when he was 13 years old, where he was escaping rampant gang violence and domestic abuse at home.

He went to high school in Honolulu, made friends, got a job. But no matter what he did, he couldn't escape the dark shadow cast on his future because of his immigration status.

Josue describes DACA as a weight lifted from his back. He was empowered to apply for college. He bought a home and pursued opportunities that any of us would want for our children.

Today, he is a small business owner. He owns a landscaping company, he volunteers at his local church, and continues to give back to the Kaneohe community that he calls home.

I urge my colleagues to sign a discharge petition to bring the Dream Act to the floor for a vote so we can pass a permanent solution for Josue and millions of DREAMers across the country. Our Nation made a promise to these young men and women. We must uphold that promise.

CERTIFY THAT IRAN IS IN FULL COMPLIANCE WITH THE JCPOA

(Mr. CONNOLLY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CONNOLLY. Mr. Speaker, I rise today to call upon President Trump to certify that Iran is in full compliance with the JCPOA, otherwise known as the Iran nuclear agreement. To decertify at this time will destabilize the ability of the United States to engage in international agreements, especially those we initiated ourselves.

Our credibility is on the line, especially given the fact that the IAEA and the United Nations and the United States Government have certified that Iran is in compliance. It is in compliance on its centrifuges, enriched ura-

nium, the production of the plutonium reactor itself.

We want to make sure that we don't have a second nuclear front by decertifying Iran. It is important to the United States' interests, to the security of the world, and the security of Israel that this agreement be certified as in compliance.

HONORING CHINESE GENERAL SUN LI-JEN

The SPEAKER pro tempore. Under the Speaker's announced policy of January 3, 2017, the gentleman from California (Mr. KHANNA) is recognized for 60 minutes as the designee of the minority leader.

Mr. KHANNA. Mr. Speaker, I rise today to honor the late Chinese General Sun Li-jen. He was known as the ever-victorious general, and fought with valor against Axis forces in Burma during World War II.

General Sun's strategies on the battlefield were a combination of traditional Chinese military theory and American military training. He was an important ally for the United States and a popular figure among his people.

He was born in Anhui, China, and was the son of a Confucian scholar. He moved to the United States to attend Purdue University on a Boxer Indemnity Scholarship, and graduated with a degree in civil engineering.

As China fell deeper into political upheaval and war, General Sun believed he could be more useful as a soldier than as an engineer. He went on to attend the Virginia Military Institute, where he faced prejudice from other cadets.

When he returned to China, he advanced to the rank of colonel. In one of his earliest battles in World War II, he led troops to the defense of Shanghai and was wounded while leading his own men to safety.

After recovering from his injuries, he established a military training camp in southern China. The men at the camp were trained in both Eastern and Western military strategy.

General Sun is internationally renowned for his extraordinary service during the Battle of Yenangyaung in 1942. He saved the British First Burma Division by leading a regiment in a flanking maneuver. His bravery protected Allied forces from encirclement by the Imperial Japanese Army.

During this battle, General Sun was also given command of a small group from the British Second Royal Tanks, making him the first Chinese officer to command British troops.

In recognition of his victory in Burma, he was knighted by the United Kingdom and awarded the Legion of Merit by Franklin Delano Roosevelt. He was a friend of American Generals MacArthur and Eisenhower.

In the report that recommended General Sun for the Legion of Merit, the U.S. War Department wrote the following: "For exceptionally meritorious
